DESCRIPTION OF BENEFITS

HEALTH BENEFIT PLAN

The benefits described in this section will be eligible, up to the amount shown in the Summary of Benefits, if they are medically necessary for the treatment of an illness or injury. Reimbursement will be limited to reasonable and customary charges in addition to any specific limitations and maximums stated in the Summary of Benefits and as stated in this Description of Benefits.

Prescription Drugs

Prescription drug benefits, up to the amount shown in the Summary of Benefits, that:

- a) are prescribed by a legally qualified medical practitioner or dental practitioner as permitted by law; and
- b) legally require a prescription and have a Drug Identification Number (DIN);
- c) are approved under GSC's drug review process; and
- d) are paid on a Pay Direct basis.

GSC reserves the right to manage its drug formularies through an evidence-based review process in which drugs are evaluated based on overall value taking into account clinical efficacy, safety, unmet need and plan affordability. Formulary management includes the right to:

- add a drug to GSC's formularies;
- exclude or remove a drug from GSC's formularies regardless of Health Canada approval and/or the existence of provincial coverage;
- place restrictions on a formulary drug as determined by GSC. Restrictions may include, but are not limited to, GSC's pre-approval of the drug before the claim can be reimbursed, requirement to obtain the drug through an approved provider, and requirement to obtain a lower cost alternative of the same treatment such as a generic or a biosimilar drug.

If approved by GSC, this plan includes drugs with a Drug Identification Number (DIN) that do not legally require a prescription, including, but not limited to nitroglycerin, insulin and all other approved injectables, as well as related supplies such as diabetic syringes, needles, lancets, and testing agents. In addition, this plan includes vaccines.

Certain drugs require prior approval from GSC before your drug claim can be reimbursed. Further, certain drugs defined by GSC as specialty, high cost drugs may be required to be purchased from an approved pharmacy that is a member of GSC's Specialty Drug Preferred Provider Network (PPN) before your claim can be reimbursed. You can find out if your drug requires prior approval or is included in the PPN either by using the online drug search tool available to you through GSC's Plan Member Online Services, or by contacting GSC's Customer Service Centre.

Maintenance drugs required to treat lifelong chronic conditions may be required to be purchased in at least a 90-day supply of a prescription at any one time. Non-maintenance drugs may be purchased in a supply not exceeding a 3-month supply of a prescription at any one time. However, for all drugs, 6 months for a vacation supply may be purchased and not more than a 13-month supply in any 12 consecutive months.

Generic drug substitution

Reimbursement will be made for the cost of the lowest priced equivalent drug based on specific provincial regulations, unless your medical or dental practitioner has written that there is to be no substitution of the prescribed drug or medicine.

NOTE:

Drug Benefit over age 65: The Drug Benefit co-pay and the deductible (where applicable) in your province of residence are eligible benefits.

Quebec residents only: Legislation requires GSC to follow the RAMQ (The Regie de l'assurance maladie du Quebec) reimbursement guidelines for all residents of Quebec. If you are younger than age 65, you must enroll for the GSC Prescription Drugs benefit plan and GSC will be the only payer. If you are age 65 or older, enrolment in RAMQ is automatic, enrolment in the GSC Prescription Drugs benefit plan is optional, and RAMQ would be first payer.

If any provisions of this plan do not meet the minimum requirements of the RAMQ plan, adjustments are automatically made to meet RAMQ requirements.

Eligible benefits do not include and no amount will be paid for:

How Travel Assistance Service Works

For assistance dial **1.800.936.6226** within Canada and the United States or call collect **0.519.742.3556** when traveling outside Canada and the United States. These numbers appear on your GSC Identification Card.

Quote the GSC travel assist group number and your GSC Identification Number, found on your GSC Identification Card, and explain your medical emergency. **You must always be able to provide your GSC Identification Number and your provincial health insurance plan number.**

A multilingual Assistance Specialist will provide direction to the best available medical facility or legally qualified physician able to provide the appropriate care.

Upon admission to a hospital or when consulting a legally qualified physician or surgeon for major emergency treatment, we will guarantee the provider (hospital, clinic or physician), that you have the required provincial health insurance plan coverage and GSC travel benefits as detailed above.

GSC Assistance Medical Team will follow your progress to ensure that you are receiving the best available medical treatment. These physicians also keep in constant communication with your family physician and your family, depending on the severity of your condition.

When calling collect while travelling outside Canada and the United States, you may require a Canada Direct Calling Code. In the event that a collect call is not possible, keep your receipts for phone calls made to GSC Travel Assistance and submit them for reimbursement upon your return to Canada.

Travel Limitations

1. Coverage becomes effective at the time you or your dependent crosses the provincial border departing from their province of residence and terminates upon crossing the border returning to their province of residence on the return home. If traveling by air, coverage becomes effective at the time the aircraft takes off in the province of residence and terminates when the aircraft lands in the province of residence on the return home.

2. Upon notification of the necessity for treatment of an accidental injury or medical emergency, GSC's Assistance Medical Team reserves the right to determine whether repatriation is appropriate if the patient's medical condition will require immediate or scheduled care. Such repatriation is mandatory, where the Assistance Medical Team determines that the patient is medically fit to travel and appropriate arrangements have been made to admit the patient into the provincial government health care system of their province of residence. Repatriation will ensure continued coverage under the plan. Should the patient opt not to be repatriated or elects to have such treatment or surgery outside their province of residence, the expense of such continuing treatment will not be an eligible benefit.

The patient must contact GSC Travel Assistance within 48 hours of commencement of treatment. Failure to notify us within 48 hours may result in benefits being limited to only those expenses incurred within the first 48 hours of any and each treatment/incident or the plan maximum, whichever is the lesser of the two.

3. Air ambulance services will only be eligible if:
 - they are pre-approved by GSC Travel Assistance
 - there is a medical need for you or your dependent to be confined to a stretcher or for a medical attendant to accompany you during the journey
 - you or your dependent are admitted directly to a hospital in your province of residence, and
 - medical reports or certificates from the dispatching and receiving legally qualified physicians are submitted to GSC Travel Assistance
 - proof of payment (including air ticket vouchers or air carrier invoices) is submitted to GSC Travel Assistance
4. If planning to travel in areas of political or civil unrest, or in areas where Global Affairs Canada (GAC) has issued a formal travel warning regarding non-essential travel, contact GSC Travel Assistance for pre-travel advice, as we may be unable to guarantee assistance services.
5. GSC reserves the right, without notice, to suspend, curtail or limit its services in any area in the event of political or civil unrest, including rebellion, riot, military uprising, labour disturbance or strike, act of God, or refusal of authorities in a foreign country to permit GSC to provide service. This includes travel in any area if at the time of booking the trip (including delay of travel), or before your departure date, Global Affairs Canada (GAC) issued a formal travel warning advising Canadians to avoid all or non-essential travel to that specific country, region or city due to a likely or actual epidemic or pandemic, (non-essential travel will be deemed as anything other than a significant medical or family emergency, such as the death of a family member).

Travel Exclusions

In addition to the Health Exclusions, eligible benefits do not include and reimbursement will not be made for:

 3. Any expenses incurred for treatment or surgery not covered under your provincial health insurance plan had the services been received in your province of residence;
 4. Any expenses incurred for services normally covered under your provincial health insurance plan's out-of-Canada coverage (where applicable), when the provincial plan has declined payment;

In this exclusion a medical condition is limited to the reason for which the formal travel warning was issued and includes complications arising from such medical condition;

 10. Any expenses relating directly or indirectly to an injury sustained as a result of the covered person's operation of a motorized vehicle while legally impaired or intoxicated as a result of the excessive use of a medication, drugs, alcohol or other toxic substances. Use of alcohol which gives rise to a blood alcohol level of more than 80 milligrams in 100 millilitres of blood will be deemed to be intoxication as a result of excessive use and this exclusion will apply. Call our Customer Service Centre at 1.888.711.1119 for detailed claims submission instructions.

If you have incurred out of pocket expenses, make sure you tell GSC Travel Assistance about all the travel coverage you have when submitting claims. In cases of third party liability, you must advise your lawyer of our subrogation rights.

Co-ordination of Benefits (COB)

If you are covered for extended health and dental benefits under more than one plan, your benefits under this plan will be coordinated with the other plan so that you may be reimbursed up to 100% of the eligible expense incurred.

Claims must be submitted to the primary payer first. Any unpaid balances should then be submitted to the secondary plan(s). Use the following guidelines to identify the primary and secondary plans:

GSC Plan Member

GSC coverage for you is always primary. If you are the plan member under two group plans, priority goes in the following order:

- The plan where you are a full-time plan member
- The plan where you are a part-time plan member
- The plan where you are a retiree

Spouse

If your spouse is a plan member under another benefit plan, this GSC coverage is always secondary. Your spouse must first submit claims to his/her benefit plan.

Children

When dependent children are covered under both your GSC plan and your spouse's benefit plan, use the following order to determine where to submit the claims:

- The plan of the parent whose birth date (month and day) occurs earliest in the calendar year
- The plan of the parent whose first name begins with the earlier letter of the alphabet, if the parents have the same birth date
- In cases of separation or divorce with multiple benefit plans for the children, the following order applies:
 - The benefit plan of the parent who has custody of the dependent child
 - The plan of the spouse of the parent who has custody of the dependent child
 - The plan of the parent who does not have custody of the dependent child
 - The plan of the spouse of the parent who does not have custody of the dependent child

If the parents have joint custody and both have the children listed as dependents under their plans, claims should first be submitted to the plan of the parent whose birth date (month and day) occurs earliest in the calendar year. Balances can then be submitted to the other parent's plan.

Travel Benefits

In the event of a travel claim, all plans equally share the cost of the claim.

When GSC is identified as a secondary carrier, submit the original Explanation of Benefits statement from the primary carrier and a copy of the claim form in order to receive any balances owing.
